

PREPAID WIRELESS HANDSETS

H2O, Tracfone, Pageplus Handsets and More!

It's common knowledge that selling prepaid wireless handsets in your store front will boost your overall prepaid sales. PreWay offers its merchants a competitive and no-headache program to order and pay for phones. Marketing material, racks and phone locks are always available for those retailers that want to grow their sales through the PreWay handset offering.

PREPAID WIRELESS SIM CARDS

Sim cards are taking the wireless industry by storm. Customers can now easily buy a SIM card from one of the leading SIM providers such as SimpleMobile, PurePrepaid or T-Mobile, and they can select a handset that fits their needs. Less expensive than handsets, SIM cards take up very little inventory space and come with amazing plans.

IPP BILL PAY

Customers Can:

- Pay their bill using cash
- Pay multiple bills at once
- Guarantee that payment reaches the vendor quickly
- Avoid late fees, service charges and bad credit reports
- Get a receipt for each bill they pay
- Directly pay bills to vendors in Latin America on behalf of family
